Section 2.

DESCRIPTION OF CONDOMINIUM BUILDING

There are two condominium buildings on the project, one building containing twelve condominium units and one building containing eleven condominium units. Each of the two buildings is a three-story structure with crawl space. Each building is of wood frame construction with natural wood siding and concrete foundation. There are four carport buildings located on the project, each being of wood frame construction, of natural wood siding and concrete footing. The roofs of all buildings are asphalt shingle. The condominium building containing twelve units is located to the south of the condominium building containing eleven units.

Section 3.

PARKING AND VEHICULAR RESTRICTIONS

No vehicle which shall not be in an operating condition shall be parked or left on the property subject to this Declaration, other than on an assigned parking space. The parking spaces shall be used for parking vehicles only and shall not be converted for living, recreational or business purposes. There shall be no exposed storage deposited, accumulated or preserved anywhere on the property. Parking spaces and storage areas are located and assigned to the residences as shown on the filed floor plan of the project.

Section 4.

NUISANCES

No noxious or offensive activities (including, but not limited to, the repair of automobiles) shall be carried on upon the project. No horns, whistles, bells or other sound devices, except security devices used exclusively to protect the security of a residence and its contents, shall be placed or used in any such residence. No loud noises shall be permitted on the property, and the Board of Directors of the Association shall have the right to determine if any noise or

activity-producing noise constitutes a nuisance. No unit owner shall permit or cause anything to be done or kept upon the property which will increase the rate of insurance thereon or which will obstruct or interfere with the rights of other unit owners, nor will he commit or permit any nuisance on the premises, or commit or cause any immoral or illegal act to be committed thereon. Each unit owner shall comply with all of the requirements of the local or State health authorities and with all other governmental authorities with respect to the occupancy and use of a residence.

Section 5.

SIGNS

No signs, posters, displays or other advertising devices of any character shall be erected or maintained on, or shown or displayed from, the residences without prior written approval having been obtained from the Board of Directors of the Association; provided, however, that the restrictions of this paragraph shall not apply to any sign or notice of customary and reasonable dimension which states that the premises are for rent or sale. Address, identification signs and mail boxes shall be maintained by the Association. The Board of Directors may summarily cause all unauthorized signs to be removed and destroyed. Section 6.

HOLD HARMLESS AND INDEMNIFICATION

Each unit owner shall be liable to the Association for any damage to the common areas or any equipment thereon which may be sustained by reason of the negligence of said unit owner or of his guests or invitees, to the extent that any such damage shall not be covered by insurance. Each unit owner does further, by the acceptance of his deed, agree to indemnify each and every other unit owner, and to hold him or her harmless, from any claim of any person for personal injuries or property damage occurring within the residence of the unit owner, unless said injury or damage shall occur by reason of the negligence of any other unit owner, and each unit owner further agrees to defend, at his expense, any and all remaining owners who may be sued by any person for a claim for personal injury or property damage alleged to have been sustained within the residence of that unit owner.

Section 7.

OUTSIDE INSTALLATIONS

No outside television or radio pole, antenna or clothesline shall be constructed, erected or maintained on any residence without first obtaining the approval of the Board of

Directors. No wiring or installation of air conditioning or other machine shall be installed on the exterior of the building of the project or be allowed to protrude through the walls or roof of the building, unless the prior written approval of the Board of Directors is secured. No basketball standards or fixed sports apparatus shall be attached to any residence without the prior written approval of the Board of Directors.

Section 8.

PET REGULATIONS

No animals, livestock or poultry shall be kept in any residence, except that domestic dogs, cats, fish and birds in inside bird cages may be kept as household pets within the project, provided that they are not kept, bred or raised therein for commercial purposes or in unreasonable quantities. As used in this Declaration, "unreasonable quantities" shall be deemed to limit the number of dogs, cats and birds to two (2) each. The Association shall have the right to prohibit maintenance of any animal which constitutes, in the opinion of the Directors of the Association, a nuisance to any other unit owner. Dogs and cats belonging to unit owners, occupants or their licensees must be either kept within an enclosure, an enclosed balcony or on a leash being held by a person capable of controlling the animal. The enclosure must be maintained so that the animal cannot escape therefrom and shall be subject to the approval of the Board of Directors of the Association. Should any dog or cat belonging to a unit owner be found unattended out of the enclosure and not being held on a leash by a person capable of controlling the animal, such animal may be removed by the Board of Directors or a person designated by them to a pound under the jurisdiction of the local municipality in which the property is situated. Furthermore, any unit owner shall be absolutely liable to each and all remaining owners, their families, guests and invitees, for any damage to person or property caused by any pets brought or kept upon the property by an owner or by members of his family, guests, licensees or invitees.

Section 9.

VIEW OBSTRUCTIONS

No vegetation or other obstruction shall be planted or maintained upon any balcony in such location or of such a height as to unreasonably obstruct a view from any other residence in the vicinity thereof. In the event of a dispute between owners of units as to the obstruction of a view from a residence, such dispute shall be submitted to the Board of Directors, whose decisions in such matters shall be binding. Any such obstruction shall, upon request of the Board, be removed or otherwise altered to the satisfaction of the Board by the owner of the residence upon which said obstruction is located.
